ASSIGNMENT

WHEREAS **Cellegy Pharmaceuticals, Inc.** (herein after referred to as ASSIGNOR), a corporation organized under the laws of the State of Delaware, whose full post office address is 1000 Marina Boulevard, Suite 300, Brisbane, California, 94005, U.S.A., is the beneficial owner of the entire right, title, and interest in and to patents, patent applications, and provisional patent applications listed in the Appendix annexed hereto, and to any patent applications claiming priority to any of the patents, patent applications, and provisional patent applications (hereinafter referred to collectively as the "Patents") with the full right to convey the interest assigned by this Assignment; and

WHEREAS, **Queen's University at Kingston** (hereinafter referred to as ASSIGNEE), a non-profit educational corporation incorporated by Royal Charter, whose full post office address is Kingston, Ontario, K7L 3N6, Canada, is desirous of acquiring from ASSIGNOR the entire right, title, and interest in and to the Patents;

NOW THEREFORE, in consideration and in exchange for the sum of one dollar (\$1.00), and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, ASSIGNOR hereby sells, assigns, transfers, and sets over to ASSIGNEE its entire worldwide right, title, and interest, including priority rights under the International Convention for the Protection of Industrial Property, in and to the Patents and to any patent applications claiming priority to any of the Patents, together with the entire right, title, and interest in and to all continuations in whole or in part, divisions, renewals, extensions, prolongations, reissues, and re-examinations of any of the Patents, including all common law rights therein, with the right to sue for and collect damages, including past infringement, the same to be held and enjoyed by ASSIGNEE for its use and enjoyment, and for the use and enjoyment of its successors, assigns, or other legal representatives, as the same would have been held and enjoyed by ASSIGNOR if the assignment and sale had not been made;

AND ASSIGNOR hereby agrees to cooperate with ASSIGNEE in the prosecution of the Patents, and to execute such further lawful documents, assurances, applications, and other instruments as may be required to give effective legal and registered title to ASSIGNEE in and to the Patents, together with the entire right, title, and interest in and to all continuations in whole or in part, divisions, renewals, extensions, prolongations, re-issues, and re-examinations of any of the Patents; all without further consideration, but at the sole expense of ASSIGNEE;

AND ASSIGNOR hereby authorizes and requests the Commissioner of Patents or the Comptroller (as the case may be) to issue any and all Letters Patent resulting from the Patents in the annexed Appendix to ASSIGNEE.
